

THE WORLD'S MOST USED **ALL-IN-ONE** INVESTIGATION PLATFORM

For Cyber Investigations of All Level

- ✓ Non-Technical Investigators
- ✓ Trained OSINT Analysts
- ✓ Technical Investigators

 **MONITOR**
Formerly PublicSotar

Real-time monitoring and AI-powered sentiment analysis of potential and ongoing public safety disruptions, leveraging large-scale, automatic OSINT aggregation from social media and news sources.

 **SEARCH**

Run simple searches for quick OSINT investigations and create person of interest profiles in the browser and across devices.

 **GRAPH**

Conduct complex link analysis to uncover connections in large datasets and map evidence to chronological timeline and geographical locations.

 **EVIDENCE**
Formerly Social Network Harvester

Intuitive, court-ready social media evidence collection, preservation, and cross-network data validation of text and visual intelligence, with built-in sock puppet infrastructure for operational security.

CASES

Cloud-based case management for clear documentation of investigation progress and access-based collaboration.

ADMIN

Audit and analyze your organization's Maltego usage, billing, and access authorization.

 **DATA**

Access to over 120 data providers with over 12,000 search methods into cyber threat intelligence, social media, dark web, crypto, breach, corporate, and more data sources, with integration of internal data into Maltego's normalized data ontology.

 **ACADEMY**

On-demand learning paths, OSINT Masterclasses with industry experts, and personalized sessions with our training specialists on Maltego Academy.

Get all essential intelligence at one place to track down criminals online within minutes.

SecurITy
made in Germany

Trust Seal
www.trust.de/hsmp

Real-time social media monitoring & AI-powered sentiment analysis for public safety disruptions.

REAL-TIME INSIGHTS. INFORMED RESPONSE.

Real-Time Data

Real-time insights from major social media and online sources like X, Facebook, Instagram, Snapchat, TikTok, Telegram, and more.

AI-Assisted Analytics

AI-assisted analytics to make sense of live data at scale through entity extraction, image recognition, video transcription, and sentiment analysis.

Easy-to-Use Interface

Intuitive search and monitoring interfaces with pre-default building blocks to customize your dashboards based on locations, keywords, and accounts.

Collaboration & Sharing

Shareable live dashboards, automated alerts, and built-in reporting features to enable cross-collaboration and insights sharing.

STAY EVENT AND REGION-FOCUSUED

Set up customized monitoring dashboards for specific events, regions, topics, and occasions.

MAXIMIZE THE POWER OF OSINT

Monitor real-time happenings and sentiments across multiple social media platforms and news sources.

Keep the public safe with real-time OSINT!

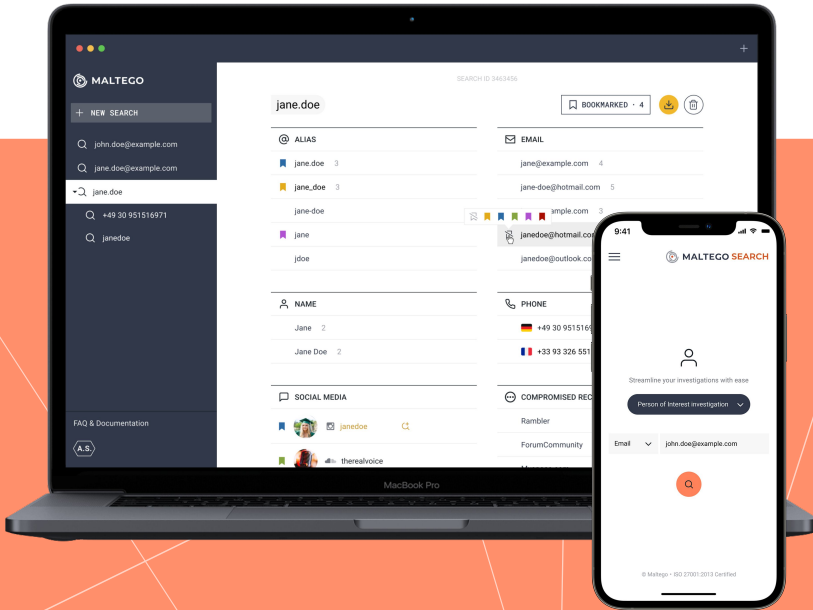

Schedule a personalized demo at www.maltego.com

WHAT OUR CUSTOMERS SAYS?

“A big advantage of PublicSonar is that is **easy to implement into our daily operational workflow** and, once set up for a specific event, you can resume other tasks while kept in the loop by PublicSonar.”

Commander of Team Intelligence Coordination from **Regional Intelligence Organization (DRIO) Rotterdam**

Conduct criminal investigations in under 10 seconds. Anywhere you go.

TAP INTO ALL THE DATA YOU NEED FOR CRIMINAL INVESTIGATIONS.

Over 1 BN Online Identities

Connect anonymous data like phone numbers, email addresses, and aliases to real identities.

Over 1 TB of Breached Data

Search over 1 TB of publicly available breached data and dark web intelligence for information like account passwords.

Over 200 Social Media Platforms

Search and profile social media activities across mainstream and niche social networks.

Billions of Website Records from Whois Database

Search from the Whois database for all relevant website and domain registry information.

FOCUS ON CASES THAT MATTER

Empower non-technical teams to take on preliminary OSINT searches, while keeping your technical experts on complex investigations.

CLEAR DATA LINEAGE & OPSEC

Ensure the integrity of your data sources with clear connections and the identity security of your investigation teams.

Be 12x faster with your investigations!

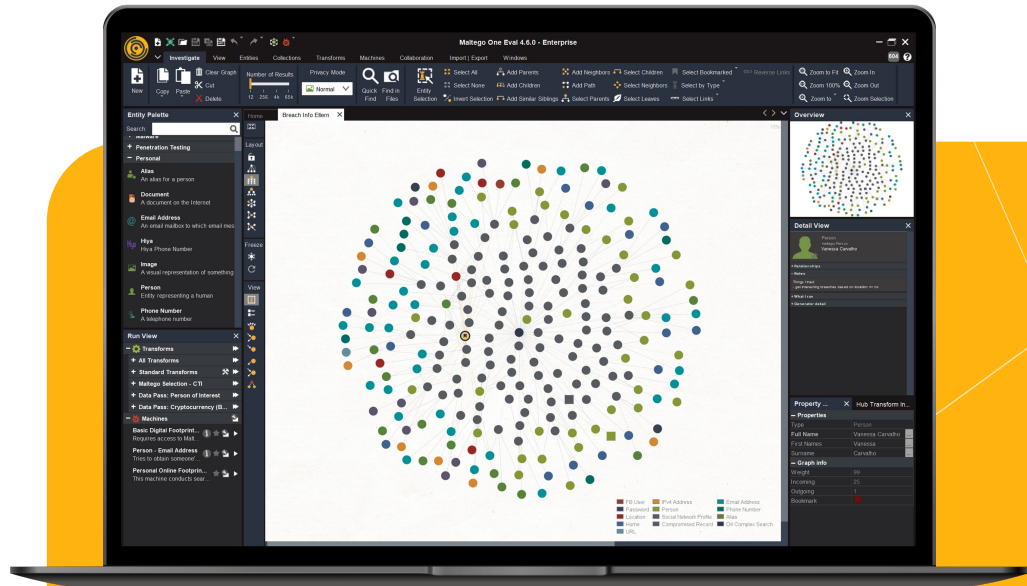

Schedule a personalized demo at www.maltego.com

WHAT OUR CUSTOMERS SAYS?

“Before Maltego, we were only able to manually look into Facebook and Google suspects. **With Maltego, we are generating full profiles of our suspects within minutes.** What used to take months to solve is now a matter of days. It is a **game changer** for our OSINT investigations.”

Team Lead of OSINT Investigations from **European LEA**

Uncover hidden connections in large datasets intuitively.

1

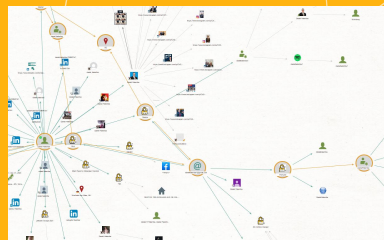

Simple User Interface
Centralizing all intelligence gathering and analysis for your investigations.

120+

Growing Collection of Data
Equipping your team with the most relevant data at all times, out-of-the-box.

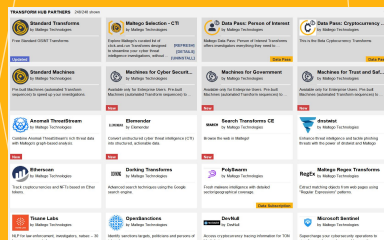

1mn

Data Points on One Graph
Designed to spot patterns and connections in large-scale, advanced data link analysis.

SPOT DATA CONNECTIONS VISUALLY

Even in the most complex graph, you can spotlight and identify data connections and patterns in an intuitive and holistic way.

SEAMLESS DATA INTEGRATIONS

Whether it is OSINT, external intelligence feeds, or internal databases, you can query and analyze all your data in one place.

AUTOMATE REPETITIVE STEPS

Easily set up automations to standardize and accelerate your investigation processes.

Accelerate analysis from hours to minutes!

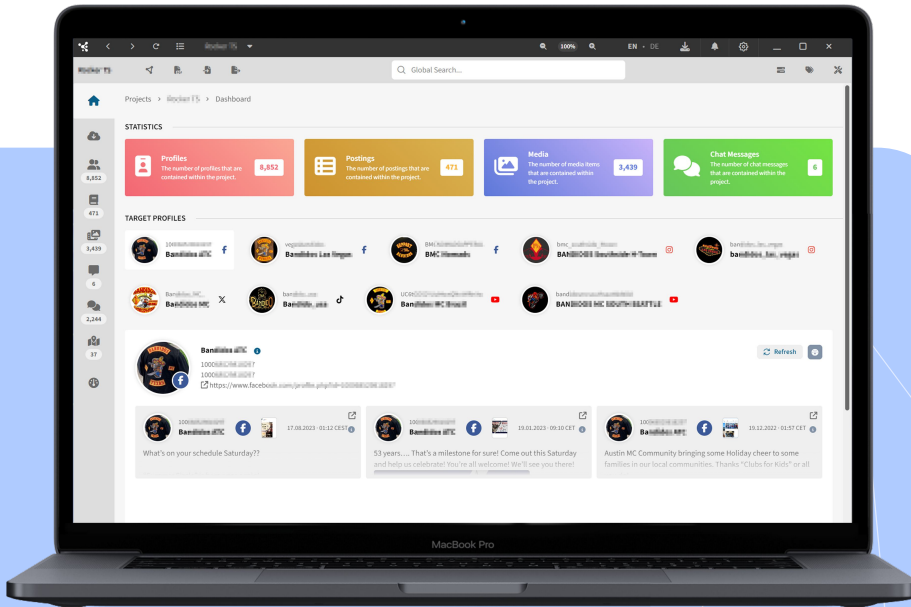

Schedule a personalized demo at www.maltego.com

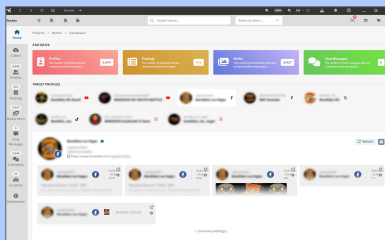

WHAT OUR CUSTOMERS SAYS?

“Maltego Graph is the first tool I’d install on any researcher’s laptop, and the first I open every time I’m starting a new investigation.”

Robert McArdle from **Trend Micro**

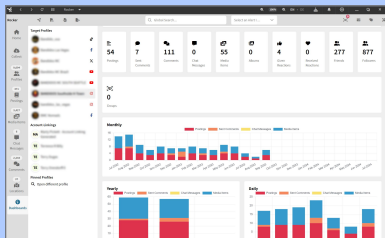

Court-ready social media evidence collection, preservation, and validation.

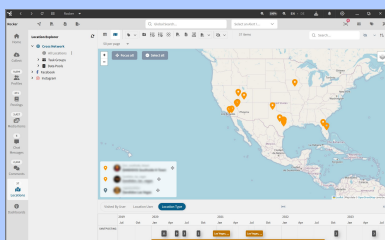

COLLECT

Every piece of information such as public contact lists, group members, timeline of interactions, text, visuals, locations, and videos.

ANALYZE

Identify and discover user ID, relevant profiles, mutual connections, and communities through full-text search and analysis dashboard.

VISUALIZE

Built-in social network visualization to showcase profile connections and geographical locations and generate court-proof reports.

SOCMINT

Evidence Collection in Minutes

Automatically collect and store social media data of your target profiles locally.

STANDARD

For Social Media Cases

Establish one standard for evidence collection and storing for all social media cases.

DARK SOCIAL

Access while Staying Secure

Get insights from closed groups and exclusive communities using built-in sock puppets.

Standardize your evidence collection now!

WHAT OUR CUSTOMERS SAYS?

"If the subject has a long list of followers, Maltego Evidence is an excellent tool to collect, filter, and report nicely. I liked the 'mutual friends' feature, which could be critical."

Internet Investigator from **Swiss Police**

Maltego Cases

Store and collect all your investigations in one place. Cross-correlate all analysis and data in one format.

+ Maltego Admin

Audit and analyze your organization's Maltego usage, billing, and access authorization.

ENSURING OPERATIONAL EXCELLENCE OF YOUR TEAMS.

Secure Central Case Storage

Securely store your investigations and cases in a centralized place for cross-collaboration and avoid losing any data and progress.

Access-Based User Management

Easily define users' access, visibility, and editing rights for the cases, products, and subscriptions of the team and organization.

Central and Intuitive Admin Dashboard

Easy-to-use interface to manage user access assignment, authorization, billing, and all necessary admin work.

Stay Compliant for Security and Internal Policy

Set up and manage your Maltego deployment the way it should be under your organization's policies.

ACADEMY

TAILORED TRAINING TO UPSKILL YOUR TEAM

Access to Enterprise-grade on-demand learning paths, OSINT Masterclasses with industry experts, and personalized sessions with our training specialists on Maltego Academy.

Get all essential intelligence at one place to track down criminals online within minutes.
